We Are Not a Bank or a Credit Card Processor.

Our main objective is simple;

We want to save your company money on credit card processing fees while maintaining a good relationship with your processor.

Some of our clients:

Audit

IMG will audit your merchant statements to identify hidden fees, excessively high rates, and surcharges with absolutely no upfront cost or commitment

Restructure

IMG's consultants will work with your current processor, on your behalf, to lower your monthly fees

Monitor

IMG's software will monitor your statements monthly to ensure that hidden fees and surcharges do not return

"I would like to recognize the efforts and, more importantly, the results obtained by IMG in working with Rolex."
