We've been getting together for nine years now trying to make a difference in this epidemic called Autism. We've raised hundreds of thousands of dollars, more than we ever had hoped for, and put that money to work to help find a cure. But until there is a cure we have also put money towards making life better for the kids with Autism and their families, and bringing awareness of this epidemic to the public.

And we have done very well! We support NSASA, our first partner, a local chapter of the Autism Society of America. NSASA supports families across Long Island with events designed to help families and those affected by Autism lead richer lives.

We support Autism Speaks, the largest Autism awareness organization in the country, which support research and advocates for more government intervention on the behalf of families.

We support the Mental Health Association of Nassau County, which is dedicated to improving mental health through advocacy, education, program development and the delivery of direct services.

We support the Family Center for Autism, a center for families that provides a lifespan of services to the child — and a lifeline of integrated, comprehensive support to the families who love them.

We support the Jewish Child Care Association, a nonsectarian, multi-cultural child and family service agency with adoption, foster care, early childhood, and education programs throughout our area.

This year we have added a new partner that we support. Life's WORC is a leader in helping individuals with developmental disabilities lead independent, productive lives for more than 40 years. This organization brings a life-changing approach to meet the evolving needs of families living with Autism. Their programs are tailored to assimilate individuals into the mainstream community allowing each individual to reach their fullest potential.

Now, they bring that life-changing approach to meet the evolving needs of families living with Autism. The proceeds from this event will go to The Family Center for Autism which provides social and recreational programs for individuals affected by autism

T Off 4 Autism started as an idea for a music industry event and grew rapidly due to continued and unwavering support from people like you. Our first Honoree was Jerry Ash, a legend in the music industry, and this year we are happy to have his son, Sammy, as our honoree, completing a circle. Sammy and the entire Ash family have been supporters each year, always willing to do everything that they can to help with our success. This year Sammy stepped up to the plate and his energy and enthusiasm have brought the music world back in strength ensuring that this year will break records for our event.

My friends, we could not do this year after year without your continued support and we thank you, each and every one of you!

Michael Just  
President, T Off 4 Autism

# 2015 HONOREE

---

## THIS YEARS HONOREE – SAMMY ASH –

---

Sammy Ash is the Chief Operating Officer of Sam Ash Music Corp, a 90 year old musical instrument institution. He is the third generation in a four generation company; the largest family owned and operated musical instrument dealer in the world. Fortunate to be in a business he loves, he surrounds himself with his hobbies of music, guitars and his family, nine of whom work with him in the company he has adored for close to 45 years.

Sam has been nominated twice to the Board of Directors of the National Association of Music Merchants, Crane School of Music-Potsdam and several other Industry Organizations.

Sam, with his Wife Rachel and two of his children, Alex and Jason, live in Dix Hills. His two older boys, Ben and Max, work with Sammy in the family business.

The Ash family is known to be philanthropic both personally and through their business. Sam's dad, Jerry was T Off 4 Autism's first honoree. Currently Sammy is in charge of handling the company's donations to schools and non-profit organizations.

Sam is no stranger to Autism and the effects it can have on self and family. More than one of his children have been diagnosed with symptoms under the Autism Spectrum. With proof of early intervention and schools like Variety Child Learning Center and Building Blocks, both on Long Island, he and his wife have been helped and educated through these possibly devastating times. As a witness to what can happen to a family in need he has been no stranger to stepping up to help others and is extremely proud to have been asked to follow his dad and be this year's T Off 4 Autism honoree.

# SPECIAL THANKS!

It is with great gratitude that we extend special thanks to the following people for donating their hard work, effort and time into making the 2015 T Off 4 Autism event a success.

# AUTISM IS AN EPIDEMIC

## WHAT IS AUTISM?

Autism is a complex developmental disability that typically appears during the first three years of life and is the result of a neurological disorder that affects the normal functioning of the brain.

Autism now affects one out of every 68 children diagnosed in the United States. Autism is that fastest growing serious developmental disability in the United States. Every 15 minutes a child is diagnosed with Autism. The treatment of Autism now costs the nation 236 billion dollars per year. The diagnosis of Autism has increased by the rate of 100% in the last 5 years. Autism currently receives less than 5% of the research funding of many less prevalent childhood diseases.

## OUR GOALS...

T Off 4 Autism has several goals:

1. To find a cause and a cure for Autism with the help of Autism Speaks.
2. To provide funding for activities for Long Island children with Autism such as, skating parties, horseback riding, surfing, etc. with the help of the NSASA.
3. To expand the residential, recreational, and community integration programs for children and adults with autism through the Mental Health Association of Nassau County
4. To provide funding that will assist in the building of future housing so that children with Autism will have a brighter tomorrow.
5. Support transportation needs of those in "Day-Hab" and Residential Programs.

### *Now more than ever ...*

Our Autism family needs you now more than ever before. We realize that in today's economy, it is very difficult to contribute to every charity. We hope you will find it in your hearts to support us again. We must continue the fight against autism. More children will be diagnosed with Autism this year than with AIDS, diabetes and cancer combined.

# WE CAN HELP!

The Just Family  
would like to thank  
our special friend  
***Sammy Ash***  
for his hard work  
and dedication  
in making this year's  
T Off 4 Autism Golf Outing

**ALLIED AIR CONDITIONING**  
would like to congratulate  
– **Sammy Ash** –  
this year's T Off 4 Autism Honoree.

**"A great honor for a great guy"**

Your friends at  
**ALLIED AC**

We at Sam Ash Music want to acknowledge Sammy Ash as this year's T-Off to Autism Honoree.

This honor is very special for Sammy as the first Honoree several years ago was his father, Jerry Ash. Both Ash generations are no strangers to Autism and how it affects the child as well as their families. They have learned about the benefits of early intervention, patience and the great services that Nassau and Suffolk offer so many families across Long Island.

Sam and his wife Rachel are very proud to have been selected to represent this group because his old friend and business associate, Shelly Davidoff, (God rest his good heart and soul) who started this golf outing, asked him to come to the first one personally. Sam and Shelly were proud to call each other good friends and business associates for over 40 years.

Three of Sam's children were diagnosed under the "Umbrella" or "Spectrum" of Autism. Ben, his oldest, went to Variety Pre-school (Now Variety Children's Center) at a very early age. Ben did great in early intervention, mainstreamed all the way up to high school, finished and graduated from Berklee College of Music and is a fine musician and human being and, as Sammy is proud to say, a great son and brother. Ben now works for the company on a full-time basis as the director of social media helping to move it into the 22nd century. His third son Alexander has been on eight straight honor roles at HHH East – six of them high honors. This year he enters HHH High School, and we expect great things. Jason has transitioned to Candlewood where he surprises the family on a daily basis with what he has learned and achieved. A day doesn't go by where his smile doesn't light up our day. Let's not forget Max who has been an amazing brother though it all. It's not always easy but he makes it seem so. Thanks Max, we all knew we could count on you. Sammy, keep on keeping on...
