July 14, 2016

Dear Friends,

After ten years and hundreds of thousands of dollars raised T off 4 Autism is still going strong thanks to you, our friends, business associates and neighbors. And our mission is not over. We pledge to you that we will continue to work towards a cure and making life better for people with Autism and their families. The key is awareness, this is an epidemic and the public has to be know about it.

We have over the years supported a diverse group of organizations, the Nassau, Suffolk chapter of the Autism Society of America, our first partner; Autism Speaks, the largest Autism awareness organization in the country; the Mental health Association of Nassau County; the Family center for Autism/ Life's WORC; the Jewish Child Care Association; - a group of organizations that each in its own way, provides support for our community.

NSASA runs events for people with Autism and their families who just need to be able to do things a family does. Autism Speaks supports research and advocates for government intervention on the behalf of families. Mental Health of Nassau is an advocate for education and program development. Jewish Child care is non-sectarian and provides family service with adoption and foster care, with early education. Family center for Autism/ Life's WORC is a leader in helping individuals with developmental disabilities lead independent, productive lives.

We choose these organizations to support because they are all different but all with a single goal. That goal is that until we can cure Autism, we will search to find a cure while making the lives of those afflicted and their families good, happy, productive lives.

Many of our honorees have been with us for many years, Stephen is no exception. He has always been willing to do everything that he can to help with our success. This year Stephen stepped up to the plate and his energy and enthusiasm have brought strength to this event ensuring that this year will break records for our event.

My friends, we could not do this year after year without your continued support and we thank you, each and every one of you!

Michael Just
President, T Off 4 Autism

2016 HONOREE

THIS YEARS HONOREE **STEPHEN DELLIBOVI**

Stephen Dellibovi has been a partner with T OFF 4 AUTISM from day one. Stephen's generosity and support, both financial and personal, is well known and we are happy to have him as a friend. We thank him for his dedication and hard work as our 2016 Honoree and we look forward to a long continued partnership. Thanks for a job well done!

Stephen Dellibovi was born in Brooklyn, went to St. Frances De Chantal Catholic School and was graduated from Queens College with a degree in Accounting.

After Graduation Stephen became the comptroller for some of the top restaurants on both the East and West Coasts, such as The Water Club, Tavern on the Green, and Maxwell Plumbs. He then switched careers to become a very successful commercial contractor. His company builds and renovates for some of the biggest chain restaurants such as Burger King, McDonalds, Quiznos, Subway, Denny's, The Greene Turtle and Just Falafel.

Stephen is a dedicated family man and lives in Smithtown with his wife, Deborah, and his three boys, Stephen, Joseph and Joshua. Stephen and his family were just blessed with two granddaughters, Luccia and Deborah.

Although Stephen dedicates a great deal of his time to his family and his business he always makes time for charity. For many years he has coached Catholic Youth Organization sports. He regularly donates to several charities including Toff4autism. Stephan has been joining us at our outing from the beginning and has enthusiastically given us his support this year and every year.

Stephen advised his friend, Al Eskanazy, on the building of Ascent, a school for individuals with Autism. He does not recognize only these charities, but has also helped many people in need. Stephen's generosity, kindness, and compassion know no boundaries.

Stephen is extremely thankful, honored and proud to be this year's T off 4 Autism's honoree.

SPECIAL THANKS!

It is with great gratitude that we extend special thanks to the following people for donating their hard work, effort and time into making the 2016 T Off 4 Autism event a success.

AUTISM IS AN EPIDEMIC

Autism now affects 1 in 68 children. We are a family run volunteer organization of parents and volunteers who have children and adults with autism spectrum disorders.

We hope you will find it in your hearts to support us again in our efforts.

T Off 4 Autism funding is used for the following purposes:

- Funding research to find a cure for Autism.
- Funding a wide assortment of events designed to help affected families.
- Support local Long Island families affected by Autism.
- Build and support a Group Home for people with Autism.

OUR MISSION STATEMENT:

Autism is a developmental disorder that significantly impacts the quality of life for children and their families.

T Off 4 Autism is 100% volunteer driven focused on raising awareness and supporting a variety of organizations and charities to help individuals with Autism and their families. Our goal is to fund research to find a cure and provide long term assistance including housing accommodations for those affected to enhance their opportunities to achieve full potential.

We are thankful for your support of T Off 4 Autism.

“Together we can make a difference.”

Working with autistic youngsters is the greatest lesson for golf pro Anthony Cancro

June 25, 2016 By Mark Herrmann mark.herrmann@newsday.com

There was joy on the range at Tam O'Shanter Club in Brookville last Saturday. Teaching pro Anthony Cancro led an hour-long lesson to 15 youngsters with autism and was amazed at the response.

"It was by far my most fulfilling day as a golf pro," said Cancro, who has been in the business 15 years and whose students include John Tavares and other Islanders. In fact, he invited Casey Cizikas to attend the center and lead the students in exercises.

Cancro said the idea came from a Tam O'Shanter member who has a child with autism and works with a group known as Life's WORC. That organization, along with another called Tee Off 4 Autism, set up the clinic that attracted students from ages 7 through 15. Head pro Mark Brown and two other pros also joined in the teaching.

"We were going to do chipping, pitching and putting, but these kids just wanted to hit the ball," Cancro said. "We had a really cool putting competition at the end. It was pure joy. As much as the kids enjoyed it, the parents were just so thankful. I got really choked up."

He added that he expects it to be an ongoing program.

Thank you.....

Dear Tina Moreno and everyone at the Family Center For Autism,

Hi it's Dawn Reardon, Sadi Huaman's mom. I just wanted to thank all of you for allowing Sadi to participate in the Tee off 4 autism event! She had a blast and now loves golf! It also boosted her confidence! It was such a great day! Thank you for all that you do with our special children!

*Sincerely,
Dawn & Sadi*

Fore!

Great Shot!

Nice Job!

The Just Family
would like to thank
our special friend
STEPHEN DELLIBOVI
for his hard work
and dedication
in making this year's
T Off 4 Autism Golf Outing
a great success!
